Order No. R8-2007-0063

Rescission of Waste Discharge Requirements
for
Specific Facilities

The California Regional Water Quality Control Board, Santa Ana Region (hereinafter Board), finds that:

1. The Orders listed in Attachment "A" were issued by the Board at various times for the facilities described therein. Attachment "A" is hereby made a part of this Order. Waste discharge requirements for the facilities listed in Attachment "A" are no longer necessary because the facility discharge has ceased or the facility is no longer in operation, or because the project is completed and WDRs are no longer required.
2. This action is based on the fact that specific discharges are now covered under other waste discharge requirements, or that discharges from the facilities have either ceased or were never initiated. As such, this action is exempt from the requirements of the California Environmental Quality Act in accordance with Section 15061(b)(3), Chapter 3, Title 14 of the California Code of Regulations.
3. The Board has notified the dischargers and interested agencies and persons of its intent to rescind the Orders for the facilities listed in Attachment "A", and has provided them with an opportunity to submit written comments and recommendations.
4. The Board, in a public meeting, heard and considered all comments pertaining to the rescission of waste discharge requirements.

IT IS HEREBY ORDERED that the Orders listed in Attachment "A" be rescinded.

I, Gerard J. Thibeault, Executive Officer, do hereby certify that the foregoing is a full, true, and correct copy of an Order adopted by the California Regional Water Quality Control Board, Santa Ana Region, on September 7, 2007.
